### STANDARD TYPES OF INSPECTIONS OFFERED

We started off with Inspections and that's where our expertise lies. At Liftsafe Engineering and Service Group we offer the most comprehensive and reliable inspections in the business. Our 24+ years of inspection experience sets us apart from the competition.

90

### EXPERT EMPLOYEES

We employ over 90 expert employees which includes: in-house engineering, a full design team, fabrication teams, inspection teams, expert office team, quoting and service team, and an experienced management team.

 Fabrication, Service, Install, and Inspection Teams.

 Engineering, Design, Office, and Management Teams.

78

### TREES HAVE BEEN SAVED

A typical cord of wood that measures 4' by 4' by 8' or 128 cubic feet and produces nearly 90,000 sheets of paper. In one year we perform over 230,000 inspections, which would traditionally result in over 270,000 pieces of paper. Carrying this number through, since we launched Wireless/Paperless reporting, we have saved 78 trees.

63

### MOBILE INSPECTION DEVICES

To date, Liftsafe has 63 operational Mobile Inspection Devices. We utilize the latest wireless technology to ensure you get your inspection certificates in the shortest period of time.

220

### USERS PER DAY

On average Liftsafe has 220 users on our Customer Portal per day.
